WELCOME!

Welcome to Charlotte, also known as the Queen City, in honor of Charlotte of Mecklenburg-Strelitz, the queen consort of British King George III during the time of the city's founding. We're a rapidly growing city and are now the 16th most populous city in the U.S. with about 113 people moving into our region daily.

Home to more than 10 Fortune 1000 companies, including household names such as Bank of America, Lowe's and Duke Energy, Charlotte continues to rank as one of the top cities for businesses, careers, job openings, and employee engagement.

The city is well-rounded with nearly 40 colleges and universities within a 25 mile radius, making it a great spot for aspiring professionals. In fact, there's been a 32% increase in job growth for young adults between the ages of 20-34.

Just a few hours from either the beaches or the mountains, there's so much to explore and experience to keep you busy and feeling like you're able to create more long weekend vacations within driving distance.

Let's see what Charlotte has in store for you!

Museums

If arts and history are what you're after, there will be plenty to explore.

LEVINE CENTER FOR THE ARTS

Uptown

The Center encompasses three different museums (or you could visit them separately) allowing you to experience a diverse range of art and culture. Included in the two day pass is the *Bechtler Museum of Modern Art*, *Harvey B. Gantt Center for African-American Arts + Culture* and the *Mint Museum* (both locations).

With the majority of the locations being all in the one central hub Uptown, you can explore the vibrant plazas, public art, stunning architecture, contemporary sculptures, societal themes, pop-up events, shopping, dining and more. At the *Bechtler Museum of Modern Art* you can expect to find an exhibition of mid-20th-century modern art and until recently, only a handful of the artworks in the Bechtler collection have been on public view in the United States, as they were mostly kept as a private collection by the Bechtler family of Switzerland. Named after Harvey Gantt, the first African-American mayor and first African-American student at Clemson, a South Carolina University, the *Gantt Center* focuses on celebrating the contributions that African-Americans have made to American culture. The *Mint Museum* has two locations, both displaying permanent collections and special exhibits throughout the year. Its Uptown location houses American and international collections and contemporary art. Also the original branch of the United States Mint, the Randolph location was the first art museum in North Carolina and includes a reference library of more than 18,000 volumes.

MUSEUM OF ILLUSIONS

Uptown

Fun for all ages, this interactive museum features immersive installations that are a mind-bending reminder that nothing is really quite as it seems. Bring your camera and look for the photo op locations throughout the venue.

CHARLOTTE MUSEUM OF HISTORY

East Charlotte

On this eight acre campus you'll find the oldest surviving house in Mecklenburg county. Their collection focuses on the Revolutionary period in American history and those that helped shape the Charlotte region.

Whether you dock or dirve there, try the local favorite *Hello Sailor* for a lakeside seafood meal and fun cocktails at their outdoor tiki bar.

The quieter lake life of **LAKE WYLIE** offers options in NC and SC.

LAKE WYLIE

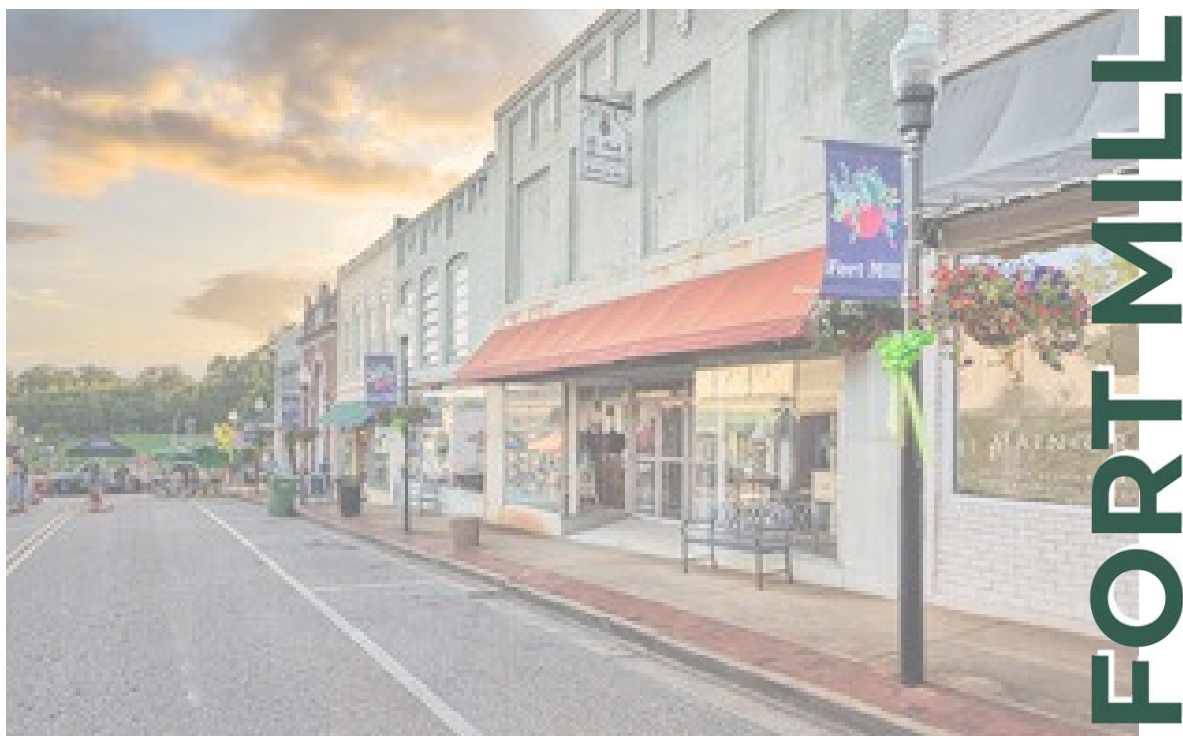

Another man-made lake but smaller than its northern sister, and nestled between *Belmont, NC* and *Tega Cay, SC* you'll find ample things to do including family activities, boat rides, laid-back bars and an array of eateries. Stop at *Papa Doc's Shore Club* for a bite lakeside. Set aside 2-3 hours and float down the *Catawba River* from the *Lake Wylie Dam* for a slower pace out on the water.

*Curious about stepping just over the state line to South Carolina? Then **FORT MILL** is where you'll want to look.*

This old textile mill community was a center for the textile manufacturing industry back in the 1800s. Easily accessible via I-77, Fort Mill has been rapidly growing in popularity for its great school systems, proximity to *Lake Wylie*, and its Southern Hospitality.

Just off of I-77 you'll find *Baxter Village*, a mixed use development with 1400 homes and a walkable downtown district. Head to *Fish Market Bar & Grill* for delectable seafood or if you want something more casual then check out the gastro pub *Killington's*. Health Care

Charlotte is booming and so is it's healthcare scene. Offering an array of specialty services, major hospital systems, emergency and preventative services, new locations are popping up all throughout the greater Charlotte area.

ATRIUM HEALTH

Atrium is one of the two biggest players in the healthcare systems scene. CMC is it's flagship hospital and offers the only Level 1 trauma center in the region. The system is also home to Levine Cancer Institute.

NOVANT HEALTH

Also a non-profit provider, Novant Health hosts 15 area hospitals (and growing) along with 350 physician practices. With several specialties located from city to suburb, finding care won't be difficult at all.

ORTHOCAROLINA

The nation's leading orthopedic independent practice since 1922, you can find services ranging from surgery, physical therapy, pediatric specialists, sports and comprehensive care to even urgent care centers.

LEVINE CHILDRENS

An award winning, and nationally ranked pediatric hospital, Levine is part of the Atrium Health System and has been voted "Best Children's Hospital" 15 years in a row by U.S News and Health Report. Also proud to be a part of the Children's Miracle Network Hospital.

VETERAN AFFAIRS

Located in east Charlotte is the main location for Veteran services. A few satellite locations also surround the area for more convenient access.

PRIVATE PRACTICES

Private practices are still plenty in the greater Charlotte area, as well as fee-for-service options, walk-in clinics and urgent cares alike.
